American Precision Prototyping Becomes an Authorized 3D Systems Preferred Service Provider

Tulsa, Oklahoma, November 20, 2007 – American Precision Prototyping, LLC., an industry-leading service bureau that provides fast, high-quality Rapid Prototype and Rapid Manufactured parts announced today their appointment as a 3D Systems' Preferred Service Provider

"Strengthening our relationship with 3D Systems by becoming an authorized PSP is a very exciting development for us," stated Jason Dickman, president of American Precision Prototyping. "With our new PSP relationship, we are able to deliver the highest-quality parts using cutting-edge SLA® and SLS® equipment and materials." "3D Systems' products are the best on the market today and we are confident this relationship will not only benefit American Precision Prototyping and 3D Systems but more importantly the end users."

3D Systems Corporation is a leading provider of 3-D Modeling, Rapid Prototyping and Manufacturing solutions, and has a comprehensive portfolio of systems and solutions, including its branded Stereolithography and Selective Laser Sintering solutions. "We are very pleased to team up with a rapidly growing and entrepreneurial company like APP and offer its customers our cutting-edge Rapid Prototyping and Manufacturing solutions," said Abe Reichental, 3D Systems' president and chief executive officer. "Working together with APP, we are able to expand our market reach and deliver our latest expertly integrated Pro-parts quality and performance to the growing family of APP customers."

About American Precision Prototyping, LLC.

American Precision Prototyping, LLC (APP), a privately held services company located in Tulsa, Oklahoma, is the premier rapid prototyping and manufacturing facility in the Midwest. APP sets itself apart from other digital manufacturing facilities by offering free, instant online quoting 24/7, complete project solutions from design to production utilizing the latest equipment and materials in-house, providing unsurpassed customer service, and offering their customers a 100% quality guarantee. *"Instant Quotes, Quality Parts"*
